Appendix B

Mobile Application Development (COMP1424) – Initial Questionnaire – 2019

Please complete this electronically and answer **all the 13 questions**. There aren't any right or wrong answer so please just complete it as honestly as you can.   A number of questions have room for additional comments, these are optional, but please add anything else that seems relevant to the question.

In answering each question you may refer to your academic study, previous courses and work experience whether paid or voluntary. The more we know about you the more we can help you get the best from the course.

Once completed please upload to the **weekly uploads** system by **Friday 4th October.**

Name	Usman Basharat		
Programme	MSc Computer Science		
When did you start at Greenwich?	Sept. 2015		
Q1 How would you rate your programming knowledge?			
I don't feel confident writing a program of even a few lines on my own.	I can write a program of up to 20 lines on my own but no more.	I can write a program of about 50 lines on my own.	I feel confident to write programs of over 50 lines on my own.
Additional comments:			
Q2 Which programming languages do you know? Put the best first.			
1 JAVA	2 HTML	3 C#	4 PHP
Additional comments:			
Q3 Have you done any mobile development before? If so what technologies have you used and what sort of things have you developed?			
Answer: Only the basics			
Q4 What do you most enjoy about programming?			
Answer: Creating software			
Q5 What do you least enjoy about programming?			
Answer: Algorithms, weak point			
Q6 What programming books or websites do you like best?			
Answer: Stackflow			
Q7 (a) In a lecture do you feel able to ask a question about something you don't understand?			
No, never	Very occasionally	**Yes, often**	Yes, always
(b) What holds you back from asking more questions in lectures?			
What the lecturer might think	What other students might think	I probably won't understand the answer	**Other – please say what**
Additional comments I feel that I can get a detailed answer later.			

(more questions on the next page – keep going)

Q8 (a) In a lab session do you feel able to ask a question about something you don't understand?			
No, never	Very occasionally	Yes, often	Yes, always

(b) What holds you back from asking more questions in lab sessions?			
What the lecturer might think	What other students might think	<mark>I probably won't understand the answer</mark>	Other – please say what
Additional comments			
Q9 If you can't complete all the tutorial exercises for a lecture in the lab session do you work on them in your own time during the week			
No, never	Very occasionally	<mark>Yes, often</mark>	Yes, always
Additional comments			
Q10 Apart from the timetabled lecture and lab sessions how many additional hours per week do you spend programming?			
< 1 hour	1 hour to 3 hours	3 hours to 6 hours	<mark>> 6 hours</mark>
Additional comments			
Q11 What do you most hope to get out of studying this course (i.e. Mobile Application Development)?			
Answer: Use this to help me within my masters project.			
Q12 Do you hope to work in mobile development once you have finished your MSc?			
Answer: Yes.			
Q13 Anything else you want to say?			
Answer
